[DOCUMENT 87 — 1886.]

A REPORT OF THE RECORD COMMISSIONERS.

The Fifteenth Report of the Record Commissioners being the acts of the Selectmen from September 15, 1736, to December 29, 1742.

Although few matters of special importance are therein recorded, the reader will observe the space given to sanitary matters as connected with the visitation of small-pox. The assigning of tombs in the Granary Burying Ground was a natural accompaniment to the increase of deaths, and the repeated enforcement of quarantine regulations and restrictions on immigration are noticeable.

The Sunday laws, then as now, were a matter of contention between the conservative and progressive elements of the population. A careful study of the volume will doubtless confirm the public belief in the wisdom of this continuance of the publication of our records.

WILLIAM H. WHITMORE,
For the Record Commissioners.

Pursuant to the Vote, and desire of the Town at their Annual Meeting the 14th. March last. We having taken the Several Petitions for Paving into Consideration. Viewed and measured the Places and Computed the Charge, in Order to make Report thereof to the Town. First, on the Petition for Paving Wood Lane &c.

Voted, That is Our Opinion, It may be adviseable that the said Lane be Paved anew, The Town bearing One third part of the Charge Provided the abutters bear the charge of Paving the other Two Thirds and keep the same in Repair from time to time : [121.] And it is Our Opinion also that the Petitioners have Liberty Granted them to Build an Open Wharf across the Town's Slip at the lower end of said Lane, to lye open for the use of the Inhabitants, about Eighty or an Hundred feet below the High Way, as the Town shall direct.

Secondly, on the Petition for Beer Lane.

Voted. That it is Our Opinion, It is not Adviseable for the Town to be at the Charge of Paving said Lane for the present, It lying on a good Descent, and the Passing therein more Commodious than many other parts of the Town.

Thirdly, on the Petition for Love Street.

Voted, That in Our Opinion, It is not Adviseable for the Town to be at Charges in Paving said Street at present, it being but little Improved in Comparison with others in the Town.

Fourthly, on the Petition for Green Lane.

Voted, [122.] That Whereas it does not appear to us, that the Proprietors of Land abutting on said Lane are fully come in to Pave their Proportional parts, respectively according to Custom, and the Boundaries of some rendering the said Street or Lane Irregular, We are of Opinion, In Consideration hereof together with the heavy Charge it will be to the Inhabitants, It may be adviseable to defer the Paving thereof for the Present.

Fifthly, on the Petition for Orange Street,

Having taken this Petition under Consideration, and Viewed the said Street, We find the Southerly half thereof to be very much out of Repair, and therefore. Voted, That in Our Opinion It is Adviseable for the Town to Expend Three Hundred and Fifty Pounds in Paving the same, Which sum by Computation We find will pay the Towns part of Paving Sixteen Hundred Yards thereof.

Upon Condition nevertheless, That some Suffieient [123.] Person or Persons shall appear to Engage for and in behalf of the Proprietors and Abutters on the said Street, bearing their Proportionable part of Paving the same.

On the Petition of Samuel Adams Esq^r. &c. abutters on Bartons Rope Walk. Pursuant to the Vote of the Town at their Annual Meeting the 14th. March last, Having Attended the Service desired

of us. Considered the Prayer of the Petitioners Viewed the Place and Enquired into the Circumstances of it.

Voted. That in Our Opinion, It is not Necessary for the Town to Act any thing thereon, and therefore that the Petition be Dismissed.

On the affair of the Markets.

Pursuant to the Vote of the Town the 5th. April last desiring us to take under Consideration, What other uses the Market place may be put to, so as may best serve the [124.] Interest of the Town. And to Report hereon at the General Town meeting in May next. Having attended the Service desired of us.

Voted, To Report to the Town as follows Viz^t.

First, As to the South Market, That Whereas, Improving the said Market, by turning it into Shops, may be most for the Interest of the Town. We are of opinion, It may be Adviseable for the Town to let it out, during the time of their Lease therein, to such Person or Persons as may appear to hire it for that End.

Secondly, As to the North Market. We Apprehend it can't Conveniently be Improved to any other Use, in the Place where it now Stands, than by turning it into Shops, But Inasmuch as that would greatly incommode, and might prove inconvenient on Several accounts, Not only to the Neighbourhood but also to One of the Publick Meeting houses for the Worship of God, which Stands [125.] Very near to it. We can't think it Adviseable to do it; but rather that the said Building be removed to some more Convenient Place, and Converted to such other Use as the Town shall think fit.

Whereas at a Meeting of the Select Men, the 26th. of September last, it was Voted, That the Sum of Thirty Pounds be allowed and Paid out of the Town Treasury to Capt. Nathanael Oliver; which Sum together with ninety Pounds paid him before makes the Sum of One Hundred and Twenty Pounds, and was to be in full for making a New road in Rumney Marsh; and upon such Conditions as were then Entred, as by the Record of said Votes may appear.

Since which he hath presented a Petition for a further Allowance, on acco^t. of the Extraordinary Charge he was at, in performing that Work, and in Enlarging the Road, on the north side of the County Bridge so Called, at least Four feet in Wedth, which is greatly for [229.] The Service and Accomodation of the Town, and without which allowance (as he says) he shall be a great Sufferer.

The Select men having Maturely Considered Capt. Olivers Memorial, and made Enquiry into that affair and it appearing to them, that One Hundred and Twenty Pounds is not an Adequate recompence for the said Work. Therefore,

The Select men having agreeable to the Vote and desire of the Town, at their annual Meeting the 12th. March last past, Considered the motion then made for preventing the Water which comes out of the Common from running down thro' Winter Street, View'd the place &c. Are of Opinion,

That Whereas in time past the Water from Beacon Street principally run across the Common, and so took its Course into Winter Street, the same is [131.] Now intirely prevented, As We apprehend by raising the Ground in the Common near the Entrance into the said Street—So that now, the Water from Beacon Street will spread over the Common—and as little run down thro' Winter Street, as thro' most Streets in the Town.

Ordered, that a Report be accordingly drawn to be presented to the Town at their Meeting next Wednesday.

Whereas it was also refer'd to the Select men to Consider the Motion made by Dr. Stuart relating to the safe Carriage of Powder to and from the Powder House, to project Ways and means therefor and to Report thereon—And they having Accordingly Considered that Affair, are of opinion, Viz^t.

That the safest Way for Conveying Powder to the Powder House is to do it by water, at all times while the River remains open; and therefore that all Persons [132.] Importing Powder be obliged to Convey it, from on board Ship, in Cover'd Boats, to the Bottom of the Common, near the Powder house, and that it be carried from the said Boats to the Powder house in a Cover'd Cart or Carts, unshod; and in order thereto, that the Gentlemen who may be Elected to Represent this Town in the Great and General Court approaching, be desired and directed to use their

Endeavours that a Law may be Enacted for this end, with a Penalty annexed. and in the Winter Season, while the River remains frozen, that it be brought from on board Ship in Cover'd Boats to Bull Wharf at the South end of the Town, and from thence Convey'd to the Powder house in Cover'd Carts as afore-said.

As to carrying Powder from the Powder house thro' the Town, We apprehend the Law already made and provided to prevent danger by careless Persons carrying it thro' the Town uncover'd, if duly observed, may be sufficient.

[133.] Mr. Winborn appearing Complains that Peter Randal, One of the Watch men at the South Watch house proves a disorderly Person, being often Drunk, when he should be upon Duty, Which he thinks is his Duty to Inform the Select men of, According to their order — and Prays that he may therefore be dismissed from the Service, and a sober Capable Person put in his room.

Several French Gentlemen Attended according to Order & m^r Lovell being Interpreter, they were Examined as followeth

[237.] Peter Cossett being Asked from whence he came, Answered, That he came from New York has been in town about Six Weeks, that he was bound from St. Domingo to France, and in the Passage the Vessell founder'd, they were taken up by a Vessell bound to New York & there, Carried and so came here, and did design to return home as soon as he could, the reason he came here from New York was because he was in a bad State of Health and being informed that the Air in these parts was very Agreeable and Healthy he came in hopes to recover his Health that he designed to tarry here not more than a Month or Six Weeks, that when he came he waited upon His Excellency the Governour who gave him Leave to tarry a while provided he behaved well that he was no Trader but lived upon his own Estate.

Mons^r. Leport Exam^d. was Asked how long he had been here, and from whence he came, Answered that he had been here about a month, that he came from Eustatia [238.] To Rhode Island, and so here for his Health that he brought Sufficient in Money to Maintain, that he was here about Fourteen months since, and went home to St. Eustatia (where he lives) by the Way of St. Christophers as a Passenger being asked Whether he had Waited on the Governour since he came, Answered that he had not, but should have done it, if he had known the Laws of the Province, that he carries on no Trading but brought only some Moneys for his Expences.

Mons^r Morwoyle Exam^d. — He was Asked how long he had been here answered that he had been here about Four Months that he came from Lewisburgh in an English Vessell, the Masters Name, he forgot that he came with a Design only to Learn the English Tongue, that he Waited upon the Governour when he first came, who permitted him to tarry a while which he thought Sufficient that he designs to tarry about Three or Four [239.] months till he has learnt the English Tongue, that he brought Sufficient in Money to Maintain him—that he is an Inhabitant of St. Domingo, & Carrys on no Trade here.

Mons^r. Dudwoit Exam^d. being asked how long he had been here, answered a Fortnight, that he came as a Passenger from St. Eustatia by the way of St. Kitts to Cape Ann in One Capt. Baker and so to Town, his design in coming is to perfect himself in the English Tongue that he was here about Ten Months ago & went from hence to Canso and so to Cape Breton in Capt. Lefavre as a Passenger, that he had not yet been to wait on the Governour but designed to do it—The Law of the Province was then Read to him in English (which he Understood) he said thereupon that he did

not know the Law before, if he had, he should have Comply'd with it, that he now lodges at mrs. Bonyats that he brought with him some money for his Support, and when he wants more [240.] he draws Bills on some Gent at Bourdeaux, that he desigus to go to the West Indies in about a fortnight, that he has not been any Ways Concerned in Business since he has been here, but only Purchased a few Small things for himself, Being asked who he left his affairs with when he went away last time he was here, answered, that he finished all his Affairs himself and was not then, nor is now Concerned with any Person whatsoever in any Trading or Business.

They were then all told that they must Wait upon His Excellency the Gov^r. for leave to tarry here Agreeable to the Law, that had been Read & Interpreted to them — They said they would do it immediately and then were Dismissed.

Notwithstanding the afore Declarations the Select Men are very Apprehensive that mess^{rs}. Le port & Dudwoit came with a design to Trade, and do now carry on some private Trade.

We the Minister & some other members of the North Church & Congregation revived, wait on you the Select Men of the Town as a Committee from Our Brethren, to thank you for the Use of the Publick School house, which you so readily allowed & have Continued so long unto us.

Little did that Honourable & Worthy good Gentleman mr. We hope, Sirs, You will go on, and as you have Opportunity relieve & help the Sorrowful & Oppressed, and never be Weary in Well doing, for in due Season you shall reap if you faint not.

We heartily pray for your doing so; We Wish with all Our Souls that the Blessing of Almighty God may descend & rest on You, and your Families also; And We pray that the Town may always be served with such honest, faithful, prudent & kind Officers as your Selves; for whom We have & hope We always shall have the most becoming Respect & Affection.
